

MODERN ENCHANTMENT

Set in the resort's Blue Fire Grille Deck, this romantic table by Bliss Event's Rachel Burger combines plum and pewter elements, accented with yellow flowers. A custom linen overlay of pulled ribbons creates gathers, which lets a pewter underlay linen peek through. Ornatly patterned plates are complemented by modern octagonal chargers. A lush mosaic of flowers, which includes roses, dahlias, hyacinthus, anemones, ranunculus, dusty miller, daisies, mini calla lilies, berries, cymbidium orchids, green raspberries and narcissus, creates a beautiful burst of color. The bride and groom's chairs are embellished with yellow orchids and pewter and plum ribbon. Cut crystal stemware adds the finishing touch to this enchanting setting.
